

## Emergency Department - Diagnosis

ED clinicians entering a diagnosis in **FirstNet** need to ensure they are searching from the **Emergency department diagnosis** (SNOMED) Subset as there are now two different folders to choose from. The two folders are:

- **NSW Emergency Department reference set** (to be used by ED staff)
- Mental Health ICD\_ Subset

*Note: Setting the diagnosis subset to the Emergency department folder is a **one-off process** that will need to be setup initially for all relevant clinicians. This will remain the default setting for future diagnosis entries.*

### Set the correct diagnosis Subset folder

- Click into the **Dx** cell of the patient on the tracking board

The screenshot shows the 'Tracking Board' interface with various filters and a table of patients. The patient 'TRAIN, Ednursed' is highlighted, and a red box is drawn around the 'Dx' column for this patient.

Bed	Name	T	R	TB	LOS	Age/SA	Alerts	Presenting Probl/Pwa	MoC	Dx	BTF	To Do	Done/Comple	PLAN
Acute,02	TRAIN, Ednursed	3			00:52	10 m	!	Assault - alleged						
Acute,03	TRAIN, Ednurseh				00:48	10 m	! MP							

- In the Diagnosis Section click **Add**

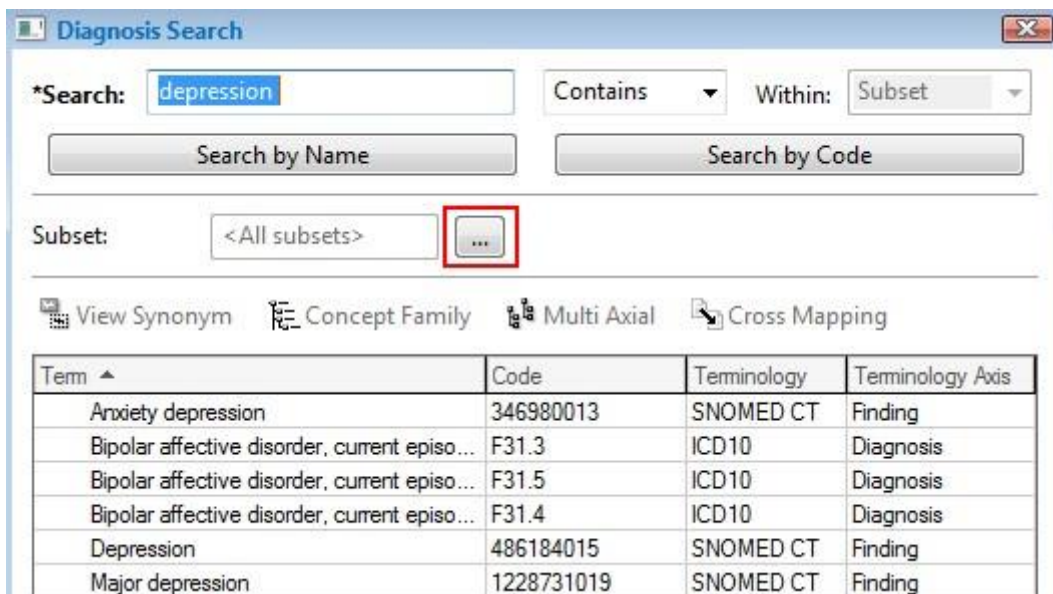

The screenshot shows the 'Diagnosis (Problem) being Addressed this Visit' dialog box. The 'Add' button is highlighted with a red box.

- Type in the diagnosis and click on the binoculars icon

The screenshot shows the '\*Diagnosis' input field with a binoculars icon to its right.

## Emergency Department - Diagnosis

- The Diagnosis Search window appears and the defaulted Subset is "<All Subsets>"
- Click on the ellipsis

**Diagnosis Search**

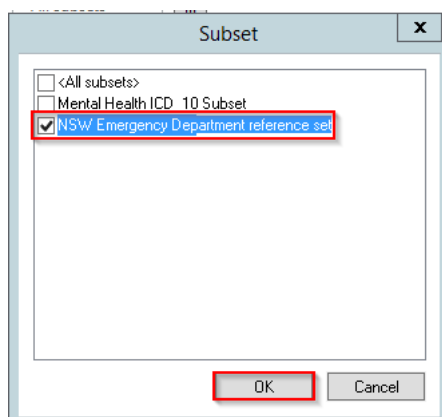

\*Search:  Contains Within:

Subset:

View Synonym  Concept Family  Multi Axial  Cross Mapping

Term ^	Code	Terminology	Terminology Axis
Anxiety depression	346980013	SNOMED CT	Finding
Bipolar affective disorder, current episo...	F31.3	ICD10	Diagnosis
Bipolar affective disorder, current episo...	F31.5	ICD10	Diagnosis
Bipolar affective disorder, current episo...	F31.4	ICD10	Diagnosis
Depression	486184015	SNOMED CT	Finding
Major depression	1228731019	SNOMED CT	Finding

- The Subset window appears, tick **NSW Emergency Department reference set**
- Click **OK**

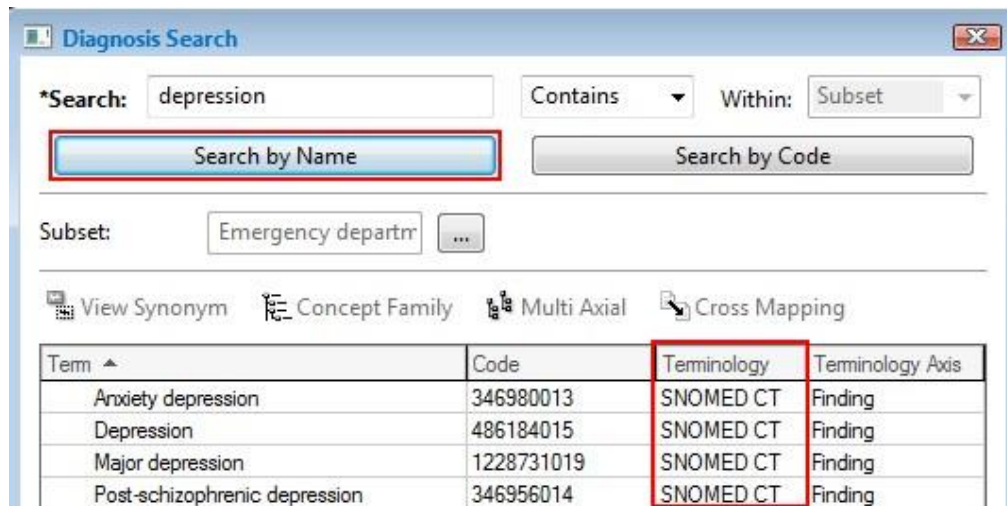

**Subset**

<All subsets>  
 Mental Health ICD 10 Subset  
 **NSW Emergency Department reference set**

- When searching a diagnosis **by Name** the Terminology should be SNOMED CT

## Emergency Department - Diagnosis

The screenshot shows a 'Diagnosis Search' window. The search criteria are: \*Search: depression, Contains: (dropdown), Within: Subset. The 'Search by Name' button is highlighted with a red box. The 'Subset' is set to 'Emergency departm'. Below the search options are icons for 'View Synonym', 'Concept Family', 'Multi Axial', and 'Cross Mapping'. The search results are displayed in a table with the following data:

Term ^	Code	Terminology	Terminology Axis
Anxiety depression	346980013	SNOMED CT	Finding
Depression	486184015	SNOMED CT	Finding
Major depression	1228731019	SNOMED CT	Finding
Post-schizophrenic depression	346956014	SNOMED CT	Finding
